In partnership with...

**Crowdfunding with us,
your partner in success**

**Do you have an idea for a project and
need to raise funds to make it happen?**

**Have you heard about crowdfunding
but don't know where to start?**

**Are you ready to make your project
a reality?**

Crowdfunding comes to Buckinghamshire...

Crowdfunding takes advantage of the power of the internet to give **you** a **new** way to raise money and support for your project or venture.

Community Impact Bucks is a partner in the newly launched Crowdfunder portal exclusively for Buckinghamshire. The portal is part of Crowdfunder UK, the largest rewards-based crowdfunding platform in the UK. It has worked extensively with charities, community funding projects and social enterprises.

Community Impact Bucks has a unique resource in the **i-van**, a custom converted mobile media studio. With our expert film-makers this means that we can offer you a local, cost-effective way to create the promotional video for your project.

How we can help you make your crowdfunding project a Success:

- Advise you which of your projects are most suitable for crowdfunding
- Help you make your project attractive to potential funders
- Develop the short film which tells the story of your project and why people will want to get involved. Statistics show that crowdfunding projects with a promotional video are the most successful.
- Introduce you to our social media partner to help you plan your campaign

Don't take our word for it...this is what others have to say

“We at Chiltern Youth Projects loved having Community Impact Bucks in to film us. The film was conducted very professionally and ran smoothly using an original approach when filming, particularly when covering sensitive issues. The scripted aspects were clear, concise and phrased in a way that spoke well to the intended audience. The knowledge of the filmmakers enhanced the quality of the final product. Thank you so much to all involved.”

Robyn Hughes, Youth Worker, CYP
