

SUCCESS STORY

Community Impact Bucks

Volunteer Support Bucks Mind

About Bucks Mind

Buckinghamshire Mind is an independent charity providing high quality services to support and represent people with mental health needs in the local community. They work to provide a voice for people with mental health needs to fight stigma.

Buckinghamshire Mind is run by local people for local people and is responsible for its own funding and the services it provides.

How has Community Impact Bucks helped?

“We have always received an excellent training service from Community Impact Bucks’ Volunteer Hub. Our staff and volunteers who have attended the Vulnerable Adults Awareness Training, through the Volunteer Hub, have always given positive feedback and the 3 hour course has been valuable to their roles within Bucks Mind. As a charity it is very useful that we are able to access free training for our volunteers.”

Imogen Flack - Education and Training Co-ordinator

“In terms of recruitment, 8 volunteers have been referred via the Volunteer Hub and the Volunteer Fair was a success for our organisation as I handed out more than 15 volunteer application forms. I was also able to network with other charities and give out information about our charity and the services we provide on the day. They have been a great support and provided valuable information regarding recruitment.”

Reena Thomas - Befriending and Volunteer Coordinator.
