

Leadership

We believe that a charity's leaders – the trustees, management committee members and senior managers – are key to its success. We can offer free of charge leadership coaching, dedicated training and events for trustees and our Better Boards bespoke support to ensure your leadership team is as effective as possible.

Community services

As the local Rural Community Council (RCC), we support the development and delivery of services to help community projects throughout Buckinghamshire. Directly helping the most vulnerable and socially isolated, we work in the heart of the community to develop volunteer-driven solutions. From lunch clubs to transport, gardening services to supporting village halls we can help make a real difference in your community.

“I wanted the leaves cleared from my path but I got so much more than that. I did not realise help like this was available.” **Mr B.**

Community Impact Bucks

We're here to improve the lives of people in Buckinghamshire through helping charities, volunteers and community groups to thrive.

About us

Research shows that 80% of people think charities play an essential role in their local community; not surprising as 8 out of 10 of us used the support of a charity in the last 12 months. But it's a tough world out there and that's where we come in. We can:

- Help charities and community groups find funding
- Inspire volunteers and make volunteering easy
- Help develop strong leadership
- Build strong communities
