

Bucks Oil Buying Club

How does it work?

Once you have joined the group you place your order then sit back while we do the work for you.

Our negotiators, Affinity, obtain the best price from a range of suppliers and tell you the price per litre, supplier and delivery information. You pay Affinity after delivery and they pay the supplier. Delivery is usually made within 10 days of the ordering deadline so do make sure you order when you have enough in your tank to avoid running out.

The minimum order is 500 litres.

Community Impact Bucks own the oil club but all communication and administration is carried out by AF Affinity Ltd. Affinity also provides oil buying services to the Rural Community Council's of Norfolk, Suffolk, Essex, Oxfordshire, Northumbria and Cambridgeshire.

AF Affinity was set up in 2009 as a subsidiary of Anglian Farmers (AF) to give companies and individuals outside AF's agricultural membership access to the procurement services of AF.
