

Challenge Event Companies

Events organised by challenge event companies offer fundraisers the opportunity to raise money for a cause by completing an endurance task, from a sponsored walk to a long-distance cycle ride.

These events can take place in the UK or overseas. They usually require the fundraiser to pay an entry fee or contribute to the cost of the challenge on top of the money they raise for the charity.

IMPORTANT INFORMATION: Actions prior to selecting a Challenge Events Company

Section 11 of the Code of Fundraising Practice requires charity events to be appropriately risk assessed and insured, with relevant permissions from the site manager.

If your charity is working with a third party to organise an event, there must be a written agreement setting out the responsibilities of each organisation and who is liable if a problem arises.

The Chartered Institute of Fundraising has further **[guidance on the requirements for charities on challenge events](#)**.

Challenge Event Companies

IMPORTANT INFORMATION: The companies listed below are just a small number of Challenge Event Operations in the UK and Overseas. Please note that Community Impact Bucks does not recommend or endorse any of the companies listed below.
